Any use of the Salla Platform by any person, whether as a consumer, merchant, or otherwise, shall constitute the user's express consent and acceptance, with full legal capacity recognized by applicable law and regulations, to all the terms, provisions, and conditions of this Agreement. This constitutes confirmation of your commitment to comply with its rules and the provisions herein.

Please be advised that the Salla Platform may be presented as a website, a mobile application, or an electronic platform. This Agreement shall become effective and binding upon your acceptance of its terms and your registration on the Salla Platform.

2. **“Merchant”**: This phrase refers to any merchant who registers on the Salla Platform to establish their online store, whether a natural person or a legal entity. This definition includes all forms of the store as long as it conducts its commercial activities through the Salla Platform, including the merchant's website.
3. **“Store”**: This phrase refers to the online store used by the merchant on the Salla Platform.
4. **“Consumer”**: This phrase refers to any consumer who purchases a product or service from the merchant through the merchant's online store established via the Salla Platform.
5. **“Agreement”**: This phrase refers to the rules, terms, and conditions governing the use of the Salla Platform, encompassing all terms and provisions of this Agreement that regulate and govern the relationship between the parties hereto.
6. **“Service Provider”**: This phrase refers to services provided by the Salla Platform to merchants through third parties. The provision of services means solely facilitating the connection between the merchant and the service provider. The Salla Platform has no authority over, nor any relationship with, the contract entered into between the merchant and the service provider.

Article 2 – Merchant’s Legal Capacity

1. The Merchant affirms that they possess full legal capacity as recognized under Sharia and applicable laws and regulations, and that they are not less than eighteen (18) years of age, in accordance with the legal age of majority in the Kingdom of Saudi Arabia. The Merchant further affirms that they possess the necessary knowledge to establish, manage, and operate an online store via the Salla Platform.
2. Notwithstanding the provisions of Paragraph (1) of this Article, a Merchant who has not yet reached the legal age of majority (eighteen years) may engage in commercial activities through the Salla Platform, provided that they submit documented proof of consent from their legal guardian, such as a guardianship deed or a duly signed letter of consent, if required.
3. The Merchant further confirms that they are of sound mind and not subject to any legal incapacity.
4. If the Merchant registers as an institution, company, or under any other legal form, such entity must have the requisite legal, regulatory, and Sharia-compliant capacity to engage in commercial activities through the Salla Platform.
5. The Merchant acknowledges and agrees that any breach of this Article concerning legal capacity shall render them solely responsible for any consequences arising from such breach before consumers, users, or third parties. Salla shall bear no legal or regulatory responsibility for the Merchant’s dealings with others. Furthermore, Salla shall have the right to hold the Merchant liable under the provisions of contractual liability and to seek compensation for any damages resulting from such breach, including but not limited to reputational harm suffered by Salla in relation to other merchants, consumers, users, or third parties.

Article 3 – Nature of Salla’s Obligations

1. The role of the Salla Platform is limited to providing digital support tools by enabling the establishment of an online store. Accordingly, Salla’s obligation under this Agreement is confined to creating the Merchant’s online store through the Salla Platform and making the store accessible to users.
2. Salla may, at its discretion, offer additional services to the Merchant or their store, such as marketing support, guidance and advisory services, and internet-based payment gateway integrations. All such services are subject to the terms and conditions set forth in this Agreement.
3. Salla bears no obligation to complete any sales transactions between the Consumer and the Merchant. Salla’s role ends upon the provision of the store creation services, without prejudice to any ongoing support services such as guidance, technical support, marketing, or payment facilitation services.
4. Salla may, on a temporary basis and at its discretion, provide certain free services to specific stores, such as customizing the appearance, layout, or color scheme of the store in accordance with the Merchant’s request. Such services are limited in scope, provided free of charge, and subject to specific conditions. Should the Merchant wish to obtain additional services, they must contact Salla’s technical support to inquire about available packages and associated fees.

5. All transactions between the Merchant and the Consumer are entirely unrelated to Salla as a legal entity. Salla bears no responsibility or liability with respect to such transactions, as the relationship between the Merchant and the Consumer is an independent contractual arrangement governed by its own terms. Accordingly, Salla shall bear no responsibility in the event a Consumer fails to pay for a product or service provided by the Merchant.
6. Likewise, all dealings between the Merchant and third-party service providers, whose services may be accessible through Salla or with whom Salla enables integration—are wholly independent of Salla. These interactions constitute separate contractual relationships between the Merchant and the third-party service provider. Should any party fail, refuse, or neglect to perform their obligations under such agreements, or fail to perform them properly, Salla shall not be held liable for any resulting consequences or breaches.
7. The Merchant acknowledges that Salla is a technical, internet-based platform that enables Merchants who accept this Agreement to establish their online stores and conduct their commercial activities through them. Salla's responsibilities are limited to that extent. Accordingly, Salla disclaims any liability for any violations committed by the Merchant through their store in breach of this Agreement, and Salla shall bear no responsibility for any transactions that occur between the Merchant and the Consumer.

Article 4 – Conditions for Establishing the Online Store

1. Any person possessing the requisite legal capacity may establish an online store in accordance with the provisions of this Agreement, and in particular, Article 2 – Legal Capacity of the Merchant.
2. The store established under this Agreement must not violate the laws and regulations in force in the Kingdom of Saudi Arabia. The Merchant shall clearly disclose the nature of the commercial activities conducted through the store, as well as the services or products being offered or sold. Salla disclaims any liability arising from a store's violation of applicable laws, public order, or public morals in the Kingdom. Salla retains the right to reject the registration of any online store that fails to comply with applicable Saudi laws or the terms of this Agreement. By accepting this Agreement, the Merchant affirms that their store does not contravene public order or Islamic morals in the Kingdom of Saudi Arabia.
3. The online store must comply with all provisions of this Agreement. The Merchant further acknowledges that the subject matter of commercial dealings conducted through the store does not violate any provision of this Agreement or the laws in force in the Kingdom of Saudi Arabia.
4. No person whose account or store has been suspended or cancelled by Salla, or pursuant to a judicial decision or order, may use the Salla Platform as a Merchant.
5. If the Merchant registers as an institution, company, charitable organization, or other legal entity, such entity shall be bound by all terms and conditions set forth in this Agreement.
6. All stores and Merchants must comply with applicable e-commerce regulations, the Anti-Cybercrime Law, regulations of the Ministry of Commerce and Investment, the Electronic Transactions Law, and the E-Commerce Law.

7. All stores and Merchants are required to disclose the following on their online stores: name and address, commercial registration or freelance work certificate, and official contact details.
8. All stores and Merchants shall clearly present their terms and conditions, privacy policy, and data confidentiality policy to Consumers, which together shall constitute the electronic contract governing the transaction.
9. All stores and Merchants must issue invoices to Consumers showing the cost of the service or product, the total price, the date and place of delivery, and the applicable return and refund policy.
10. Merchants offering products or services that require a license from a competent authority must disclose such license and all relevant details.
11. Merchants holding a commercial registration must ensure that the electronic store is properly registered under the entity's commercial registration in accordance with applicable law.
12. The Merchant affirms that, prior to registering on the Salla Platform, they have confirmed compliance with all applicable legal procedures and requirements issued by competent authorities in the Kingdom of Saudi Arabia and have duly satisfied all such requirements to operate the online store.
13. Any store intending to register on the Salla Platform and engage in e-commerce must hold a valid commercial registration or freelance work certificate, meet all other applicable regulatory requirements, and obtain the necessary licenses to carry out commercial activity. These may include, for example, an Absher account, a bank account with a Saudi bank, and a valid Saudi mobile number.
14. If the applicant is a sole proprietor (natural person), they must ensure compliance with the applicable regulatory requirements and furnish all documentation in accordance with the nature of their activity. The sole proprietor affirms their commitment to these requirements and shall provide proof of identity (national ID), a freelance work certificate, and any additional information or documentation requested by the Salla Platform.
15. If the applicant represents a business entity, company, charity, or other legal person, they must provide Salla with all required information and supporting documentation, including the commercial registration and any other documents necessary to verify the legal status of the store.
16. The Merchant and the store shall comply with the registration obligations set out in Article 5 – Accounts and Registration Obligations, as well as all other provisions of this Agreement.
17. In the event of non-compliance with any of the above requirements, Salla reserves the right to take any of the following actions, without limitation: issue a warning, suspend services, close the store, or block access to the Salla Platform, as it deems appropriate. Salla shall bear no legal or Sharia-based liability for such violations by the Merchant in relation to Consumers, as Salla is not a party to the relationship between the Merchant and the Consumer. Such measures are undertaken solely to ensure the quality and integrity of the Platform and its participating Merchants.

3. You agree to personally operate your online store and shall bear full responsibility for it. If another person uses the store, such use shall be deemed authorized by you and carried out on your behalf, unless the platform is explicitly notified otherwise.
4. You agree not to use a referral coupon and an affiliate marketing link simultaneously during the same registration process or when creating a new store. You must choose either the referral coupon or the affiliate link for each invitation or registration. If both are used, any resulting rewards, commissions, or points shall be forfeited.
5. You undertake to use the Salla platform with diligence and good faith, and to comply with the Terms of Use and all applicable legal and regulatory requirements in force in the Kingdom of Saudi Arabia. Users will be notified of such amendments through any available technical means, including but not limited to email or general announcements to all users. Salla shall provide technical tools through which the merchant may indicate acceptance of such amendments, and such acceptance shall constitute valid, binding, and enforceable consent to the amended terms.
3. If you object to any amendment to the Terms of Use, this may result in restricted access to your store. In order to benefit from Salla's services, you must accept the Terms of Use and any subsequent amendments. Accordingly, if you do not accept the amended terms, you are kindly

requested to discontinue using Salla's services. Your continued access to your account or use of the Salla platform shall be deemed full and informed acceptance of the amendments.

Article 26 – Guidelines Merchants Must Follow When Dealing with Consumers

1. Merchants must act with honesty, integrity, and transparency in all dealings with consumers.
2. Merchants must also uphold good moral conduct and professional behavior in their interactions with consumers.

Article 27 – Promotional Materials and Special Offers by Salla

1. The terms and conditions of this Agreement apply to all promotional materials, whether in print or electronic form, distributed through various publishing platforms and social media channels.
2. These materials are subject to change and do not constitute a binding commitment by Salla regarding the fixed pricing of services, packages, or offers. Pricing may be adjusted based on changes affecting Salla, merchants, or stores.
3. Any offers made by Salla are temporary and bound by specific timeframes. Salla is under no obligation to extend these timeframes or continue the offer for the full period initially announced. Salla reserves the right to limit eligibility, modify conditions, or cancel any offer at its sole discretion and at any time.

Article 28 – Strategic and Logistics Services (Third-Party Services)

1. Pursuant to the terms and conditions of this Agreement, Salla may offer certain strategic or logistics services through one or more third parties. These services may include, but are not limited to, shipping and product delivery services.
2. Salla informs users that the provision of such strategic or logistics services is solely for facilitation and support purposes, and it is not obligated to provide them.
3. Salla further disclaims any direct or indirect responsibility for the actions or conduct of any third party. The platform merely acts as a connector between the user and the service provider (third party).
4. Use of these services is optional and at the user's discretion. When a merchant opts to use third-party services available through Salla, the platform bears no responsibility for that relationship, which is governed by its own terms and conditions between the merchant and the third party.

5. Some third-party service providers may impose their own terms and pricing, over which Salla has no control. Merchants are advised to review the terms and pricing of any third-party service before confirming their request.
6. By requesting a service provided via a third party, the user expressly authorizes Salla to share their personal data and any other necessary information with the third-party service provider, in accordance with Salla's Privacy and Data Confidentiality Policy.
7. Certain services offered by third parties are accessible via shipping labels or integrations enabled through agreements between the service provider and Salla. These services may be utilized directly through the Salla platform, and Salla may deduct applicable fees based on its agreement with the provider. Salla assumes no responsibility for any service failure or breach by the third-party provider.
8. For paid third-party services (e.g., subscribing to Salla packages via the App Store), the third party may impose independent terms or billing requirements. Salla has no authority over these, and billing will be managed directly between the merchant and the third party. Merchants are again encouraged to review all applicable terms and fees prior to confirmation.
9. Certain international shipping services provided by third parties through Salla may be accessed via Salla's shipping portal. These services are offered under agreements between Salla and the service providers. The full international shipping cost is passed on to the merchant without markup. Salla charges a separate commission for providing access to such services, which is subject to VAT. The merchant is responsible for paying the full shipping fee, Salla's commission, and the applicable tax, based on the rates listed in the portal, which may be updated periodically. Salla bears no liability for any service failure by the third-party provider.

Article 29 – Technical Support

Pursuant to the terms and conditions of this Agreement, Salla provides certain technical support services to merchants and stores, in accordance with the features included in the store's selected subscription plan. These services may include, but are not limited to:

1. A free control panel for stores, which includes certain complimentary services.
2. If a merchant wishes to access additional, alternative, or multiple services, such access shall be subject to the pricing and plan policies of Salla, which may involve applicable fees.
3. Salla allows merchants to communicate with its technical support team to facilitate the operation of their stores on the platform and to address any technical or electronic issues that may arise.

Article 30 – Dispute Resolution

1. According to the terms and conditions of this Agreement, any disputes shall be resolved through conciliation, negotiation, or amicable settlement. If the dispute persists, it shall be referred to the competent authorities in the Kingdom of Saudi Arabia for resolution.

Article 31 – Consumer Complaint Policy and Dispute Resolution Between Consumer and Store

In the event of a complaint involving a consumer and a store, Salla kindly requests that the following steps be followed:

Step One:

Submit a complaint through the designated link on the Salla platform. The complaint must include: a description of the issue, supporting documentation, and the name of the offending store. Salla will then forward the complaint to the relevant store for resolution.

Step Two:

After reviewing the store's response, the consumer is entitled to take any action they deem appropriate. If the consumer is not satisfied with the store's response, they may request a copy of the store's legal identification in order to pursue further action.

Article 32 – General Provisions

- If any provision or clause of this Terms of Use Agreement is canceled or becomes unenforceable, such cancellation or unenforceability shall not affect the validity of the remaining provisions, which shall remain in full force and effect until further notice from Salla's management.
- This Agreement, which may be amended from time to time as circumstances require, constitutes the sole framework, understanding, and contractual relationship between the merchant (and their store) and Salla. The merchant and their store are bound by the terms of this Agreement and the merchant affirms and acknowledges that:
 1. This Agreement applies to all users of the Salla platform and governs the relationship exclusively between the merchant and Salla, regardless of the merchant's legal, organizational, commercial, or charitable form or status. The relationship between the merchant and consumer is governed by a separate legal framework with its own applicable regulations.
 2. Merchants who register through "Success Partners" (link provided) grant the Success Partner who facilitated their registration access to their store and account information.
 3. No party other than Salla's management or the judicial authorities of the Kingdom of Saudi Arabia has the right to impose any provisions, clauses, or amendments to this Agreement.
 4. In the event of translation into other languages, the Arabic version of the Terms of Use shall prevail and be considered the authoritative version in all dealings.
 5. If this Agreement is amended, all merchants and users will be notified, and continued use of the platform will be deemed acceptance of such amendments.
 6. This Agreement may only be amended or revoked by a decision issued by Salla's management.
